I just called the LPD academy and I was advised they do have WIFI access, in case you need it for your tablet or laptop computer.

Sgt. Gonzalez

Subject: RE: Vigilant training

You may bring a personal laptop to this training, if you choose. There is nothing that will be downloaded onto the computer unless you choose to download what you search.

Subject: Vigilant training

You are scheduled for the LPR and/or facial recognition training on June 18 and June 19, hosted by Vigilant. Training will be at the Lubbock Police Academy. The academy will send the courses in so that you can obtain TCOLE credit.

Please bring a tablet or laptop to class since a lot of the training is interactive. If you have license plates or photos of suspects you need to search for a case, bring those. For photos, bring them on a drive, download them on your computer, or attach them to an e-mail you can access.

Class hours are 0800 – 1700. The instructors are coming from Vigilant and this is a great opportunity to learn from the experts.

If you have not yet created a LEARN account, please do so ASAP at <https://learn-nvls.com/learn/gui/index.aspx> <<https://learn-nvls.com/learn/gui/index.aspx>> . Use your city e-mail address with the .mail.ci.lubbock.tx.us version and the ORI is TX1520200. If you have trouble creating an account, let me know.

There will be about a half dozen officers from other jurisdictions also attending this training so you might have the chance to network – bring business cards.

Sergeant Marian McGuire

Patrol Support Division

Lubbock Police Department

806-775-2972
